

ROBOTICS Hands-on STEM After-School ENRICHMENT

**Boys & Girls
Grades 1 to 6**

Design and Build NEW Robots, Robotic Vehicles, Robotic Creatures and BattleBots with unique NEW Tasks, Challenges & Time-Trials based on California & National Science Standards on Numerous NEW Platforms including Targets, Interlocking Sectionals, Mars Terrains, Obstacle Courses & Much More. Attendees will continue the use of numerous applications of Math & Science. The Kids will be building with a combination of creativity, imagination and the use of Motors, Controllers, Cables and Parts to develop their own creative hands-on initiative in an Educational and Entertaining Environment with Individual, Team and Group situations.
